

Quality, service, and customer satisfaction is our driving force.

AFRIQ ELECTRICAL CLEANER TYPE 1

DESCRIPTION

Solvent Degreaser Type 1 is a solvent blend having minimum flash point of 100 °C and complies with the requirements of SABS 1365 Type 1. It is intended for the cleaning of fine machine parts, electrical components and electrical equipment where water cannot be tolerated.

DIRECTIONS FOR USE

This product must not be diluted with any product and application can be by brush dip or spray.

PRECAUTIONS

- Ensure that it is used in a well-ventilated area especially when spraying.
- Avoid excessive inhalation and wear protective clothing, goggles and masks.
- If accidentally swallowed seek medical attention immediately.

HANDLING AND STORAGE

- Ensures that lids are tightly closed.
- Store in a cool area away from direct sunlight.
- Avoid spillage and keep away from naked flames.
