

Quality, service, and customer satisfaction is our driving force.

AFRIQ AFRICUT 800

DESCRIPTION

Afriq Africut 800 is easy maintained water-soluble oil. This product shows good stability in water from most municipal water suppliers. It forms a stable white emulsion with excellent anticorrosion properties, when added to water. It contains bactericides; therefore, additional care should be taken to ensure good housekeeping and emulsion maintenance practices, in order to prolong the life of the coolant.

APPLICATION

Afriq Africut 800 is a universal purpose, water-soluble cutting oil for all metalwork.

KEY PROPERTIES

TYPICAL PHYSICAL CHARACTERISTICS	
Colour	Amber-brown
Density @ 20 °C	0.9 g/cm ³
Emulsion	
Refraction 5 %	4.2
Product specific value	1.19
Colour	Milk-White
pH -10 % Concentrate	9.1
pH – 5 % Concentrate	9.0
Application Concentrate:	
Grinding	4 – 6 %
Drilling, Turning, Milling	5 – 9 %
Sawing	10 %

NOTE

Afriq Africut 800 must be added to the water whilst stirring. When topping up do not add the concentrate to the emulsion!! Only add to a pre-mixture of 1-2 % emulsion.
