

Quality, service, and customer satisfaction is our driving force.

AFRIQ WATERPROOF ANTI-SEIZE PINK

DESCRIPTION

Afriq Pink Anti-Seize is a lubricating grease containing synthetic polymers and solid lubricants. It is virtually waterproof and its water washout and anti-seize characteristics are outstanding.

BENEFITS / APPLICATION

Afriq Pink Anti-Seize is an anti-seize and sealing lubricant, which provides excellent protection under wet and corrosive conditions and which, after a prolonged period of operation, enables the user to loosen, assembled parts and threaded connections with minimum effort.

It also acts as a sealing compound for flanges and provides an excellent seal under expansion and contraction surfaces.

It can be used for all types of high-pressure joints where under hot or cold conditions, it can prevent fretting corrosion on shafts and housings, when assembling ball and roller bearings.

TYPICAL PHYSICAL PRPERTIES

NLGI classification	2
Worked Penetration @ 25 °C 0.1mm	265/295
Drop Point °C	185
Oil Viscosity @ 40 °C cst	350
Timken Ok Value kg	25
Rust Test	Pass
Colour	Pink
Salt Water Spray Test	Pass
